Ebong W. W.: False aneurysm of profunda femoris artery following internal fixation of intertrochanteric femoral fracture, 249
Ebong W. W.: Pattern of fractures and dislocations in Western Nigeria, 221
Editorial, 177, 261
Elastic nails, multiple intramedullary nailing of pertrochanteric fractures with, 102
Elbow stiffness, post-traumatic, some aspects of, 216
trauma to, displaced fat-pads in, 297

Elebute E. A.: *see* Little R. A.
Ender technique, comparison of nail plate and, in treatment of trochanteric fractures of femur, 35
External fixation device, new, for treatment of complicated fractures of leg, 17
fixation, 4th International Conference on: Conference Report, 79
fixation, skeletal, 261
fixation, skeletal, use of, in treatment of fractures of humeral shaft, 245
fixation, simple, using wire and bone cement, 329

False aneurysm of profunda femoris artery following internal fixation of intertrochanteric femoral fracture, 249
Fat pads, displaced, in trauma to elbow, 297
Fazekas A.: *see* Szabó G.
Femur, fractures of, early protected weight bearing in African patients with, 89
fracture of, and geriatrician, 282
fracture of shaft of, infra-isthmal, 8
fracture of, intertrochanteric, false aneurysm of profunda femoris artery following internal fixation of, 249
Küntscher medullary nailing of, simple supplementary support in, 284
medial fractures of neck of, selective surgery in, 5
subcapital fractures in, accuracy of reduction of, 71
trochanteric fractures of, comparison of treatment of, by internal fixation with nail plate and Ender technique, 35
Fenwick G. M.: *see* Wright W. B.
Fistula, pancreatic, traumatic, metabolic problems in management of, 323
Fixation (*see* Internal fixation, External fixation)
Fracture(s) of clavicle, middle third, plating of, 263
of clavicle, non-union of, 268
closed, acute osteomyelitis following, 207
diaphyseal, of long bones, role of osteomedullography in management of delayed union and non-union of, 236
and dislocations in Western Nigeria, pattern of, 221
displaced subcapital, comparison of internal fixation and prosthetic replacement in treatment of, 1
of femoral neck, medial, selective surgery in, 5
of femoral shaft, infra-isthmal, 8
of femur, early protected weight bearing in African patients with, 89
of femur, intertrochanteric, false aneurysm of profunda femoris artery following internal fixation of, 249
of femur, subcapital, accuracy of reduction of, 71
of femur, trochanteric, comparison of internal fixation with nail plate and Ender technique in treatment of, 35
healing, autoradiographic studies of, using $^{99}Tc^{m}$-Sn-polyphosphate, 271
Fracture(s) of humeral shaft, use of external skeletal fixation in treatment of, 245
of humerus from arm wrestling, 162
of humerus in child, supracondylar, operative management of, 30
of humerus, spiral, unusual cause of, 62
of leg, complicated, new external fixation device for treatment of, 17
pertrochanteric, multiple intramedullary nailing of, with elastic nails, 102
in previously abnormal parts, 122
sagittal, of cervical spine, 294
of tibia, undisplaced, reproducible, method of production of, in rat, 278
of tibial shaft: is medical audit possible?, 93
